

# To Bring...

- **WARM** clothes!!
- Personal camping gear (tent, sleeping bag etc)
- Personal water, lunch food, any snacks to share
- Red headlamp (EverReady at Outdoor World works great, \$20 or so)
- Binoculars if you have them.
- 3-ring binder notebook for notes, maps
- TP on trail, towel for any wash up, dipping in the (cold!) streams
- **Camp chair** for around the fire

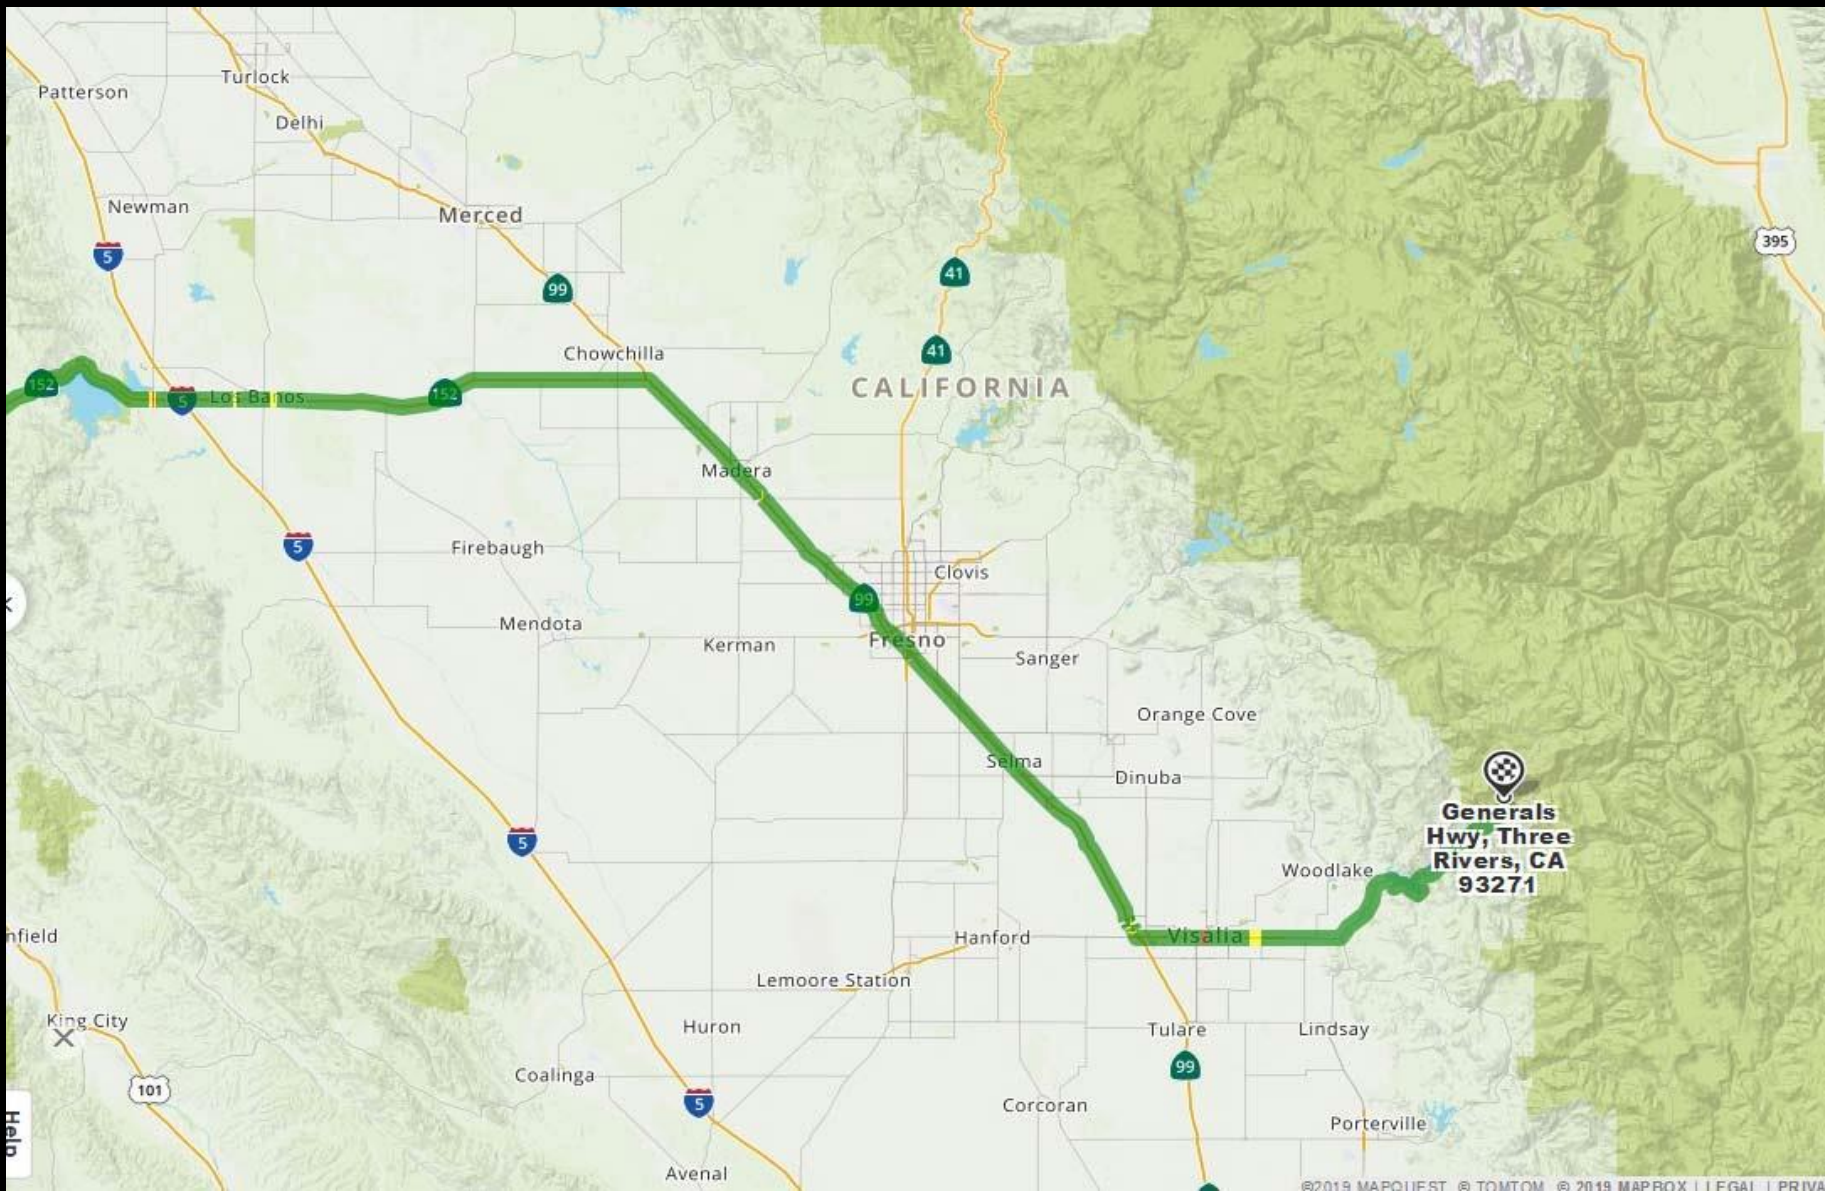

**How to Get There: It's a 4hr 30 minute drive, 229 miles. That's one good reason to carpool!**

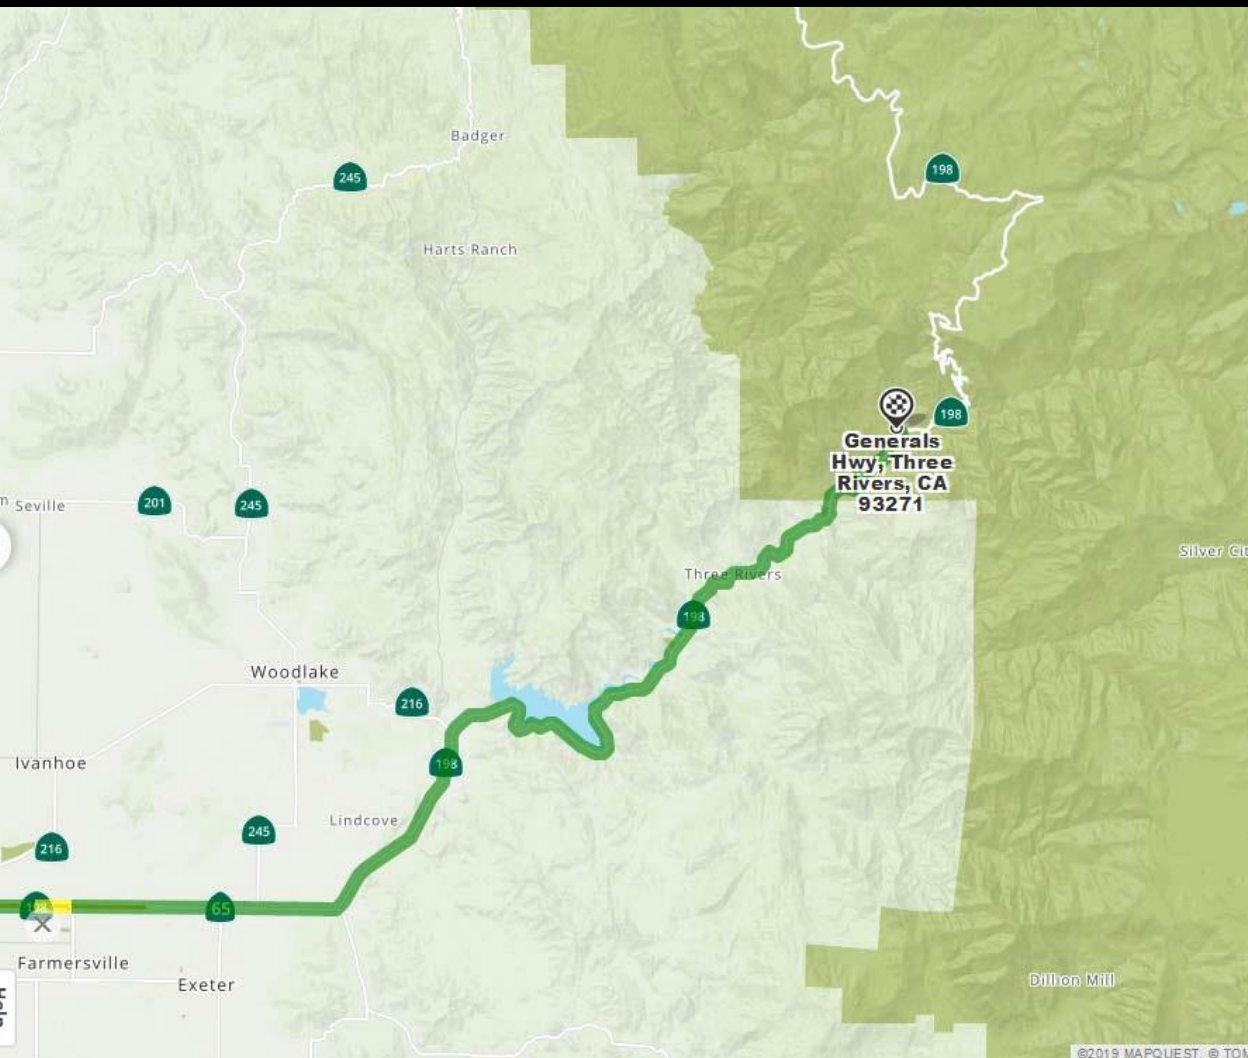

**Directions:** Take Hwy 129 exit through Watsonville, to Hwy 101 north, to Hwy 25 then quick left turn on Bloomfield Rd which “T”s into Hwy 152

**Then stay on 152 through Los Banos and  
on to Hwy 99, then south to Visalia**

**Exit east onto  
Hwy 198 and  
stay on it into  
the Sierra  
foothills. Go  
through the  
town of  
Three Rivers  
and...**

**...Pay attention; Note Eggars Drive. We'll be driving back down here for our graze on Saturday afternoon**

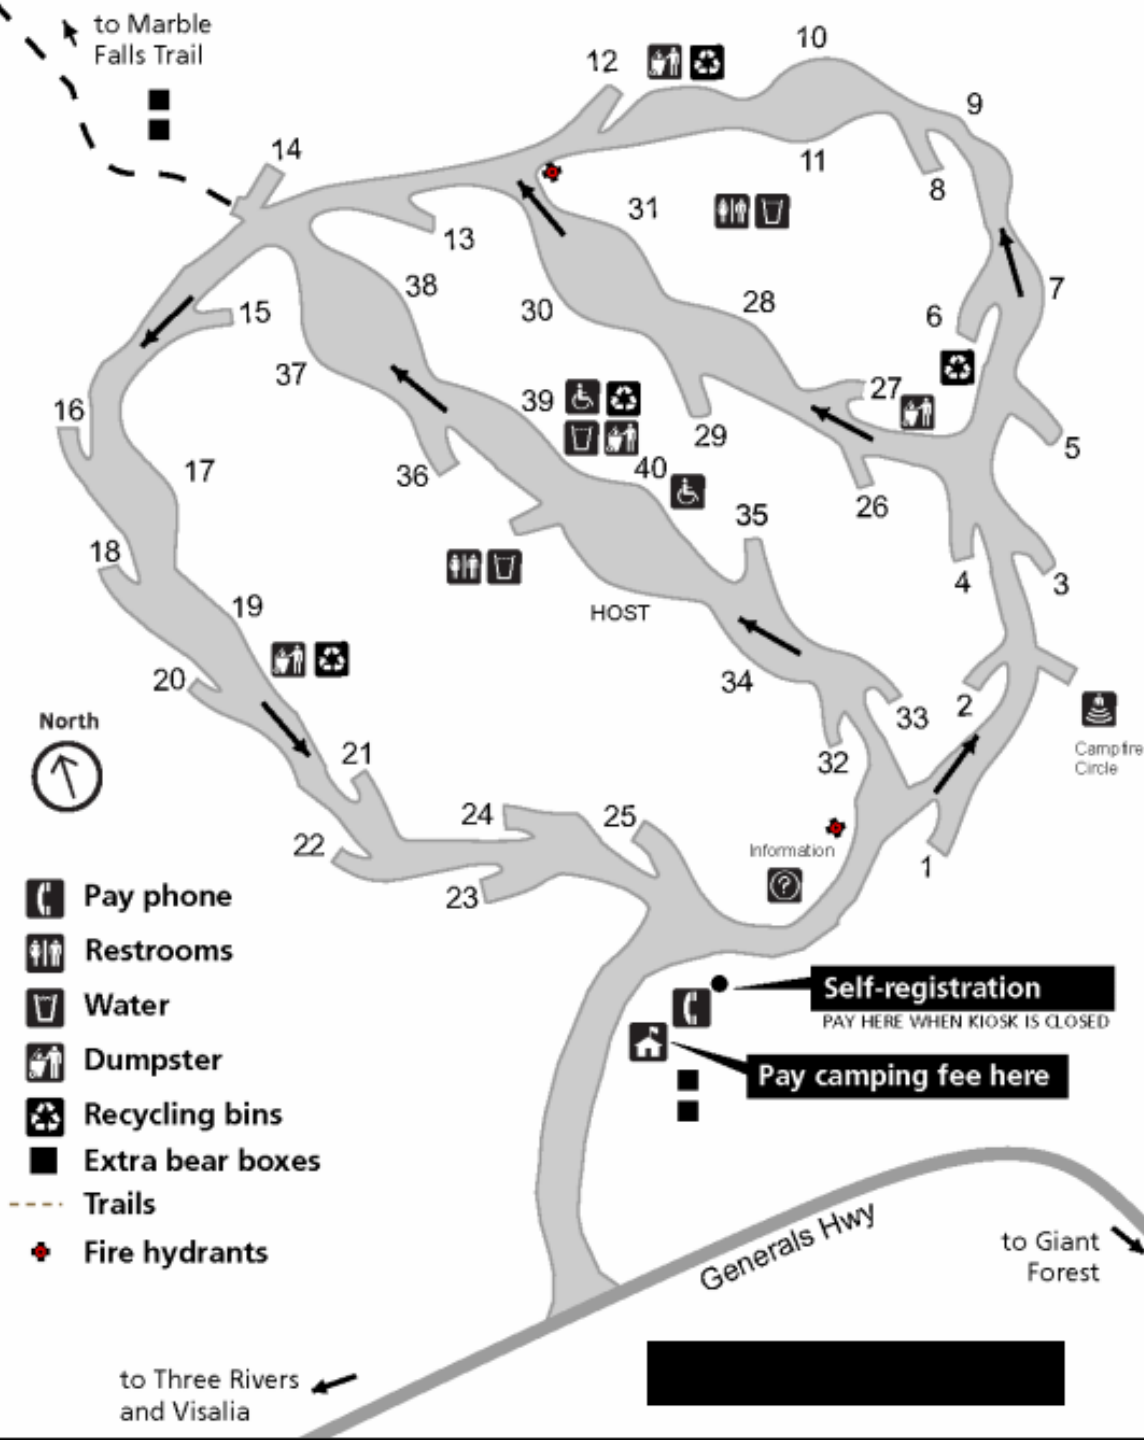

# Continue to Potwisha Campground on your left.

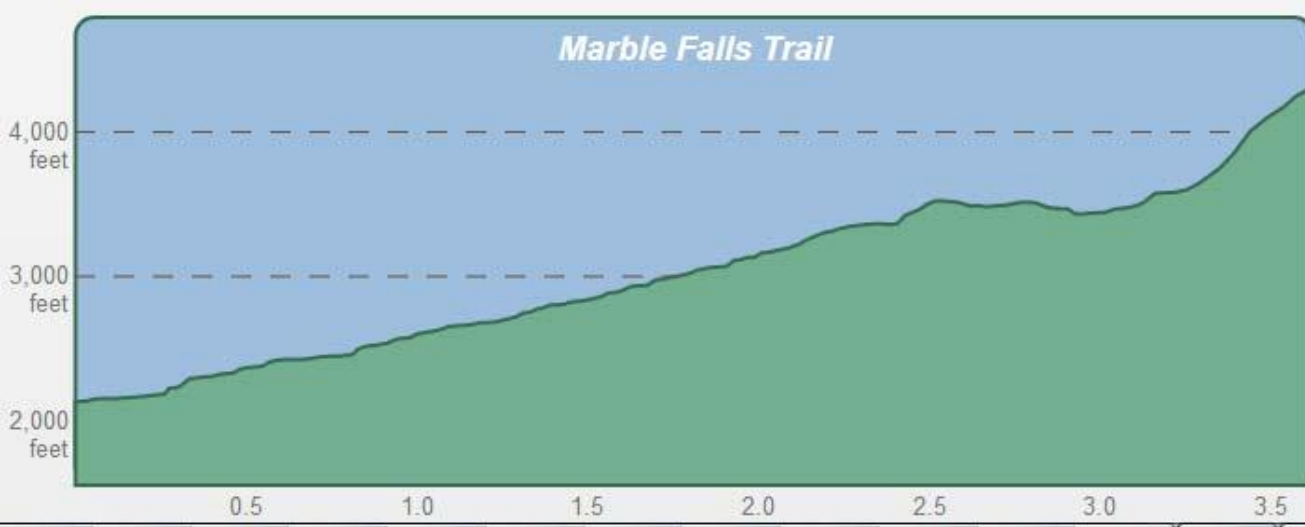

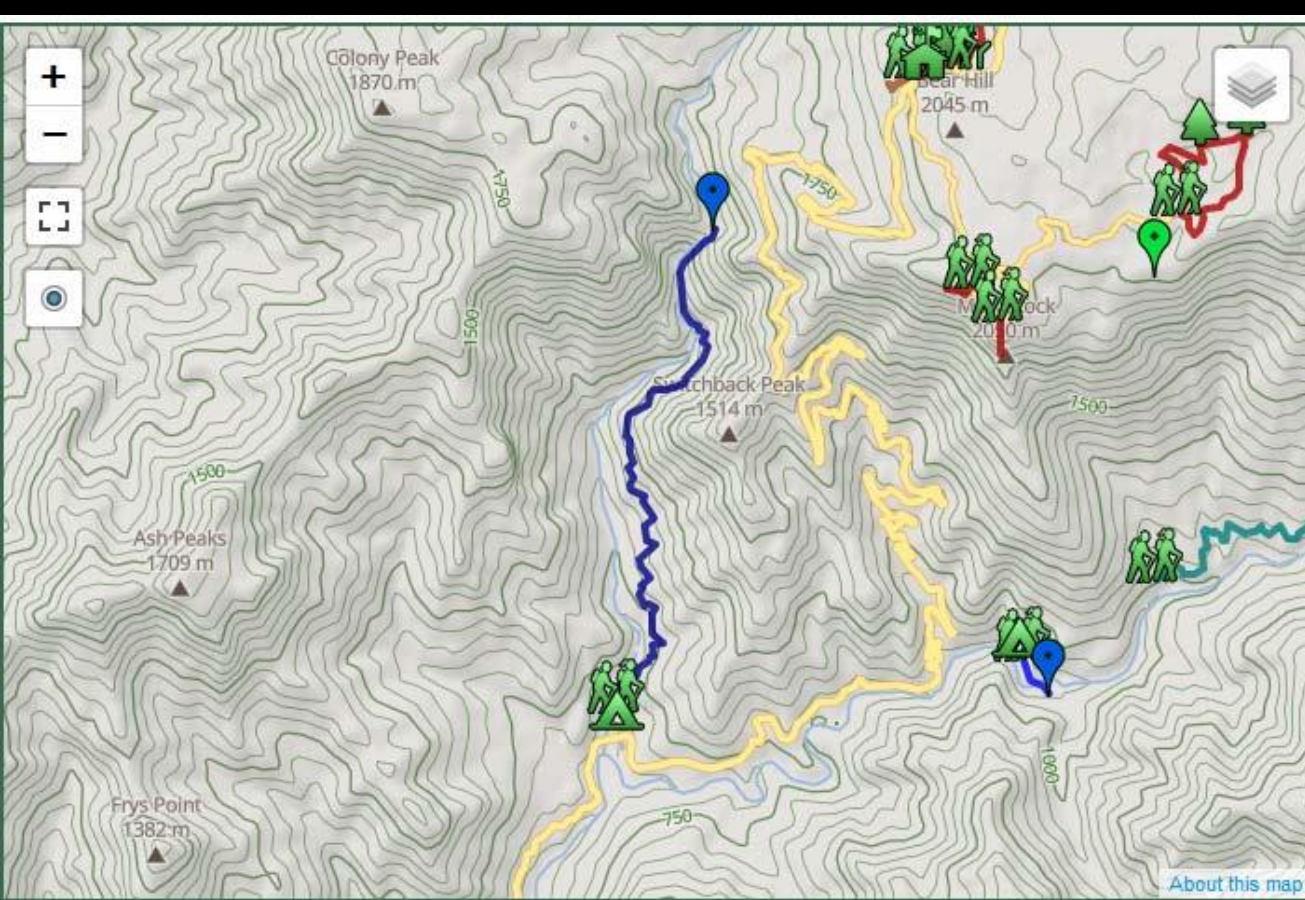

There's an overflow parking area on the far side if we have too many cars for our sites (not unlikely!). We'll sort that out when you arrive

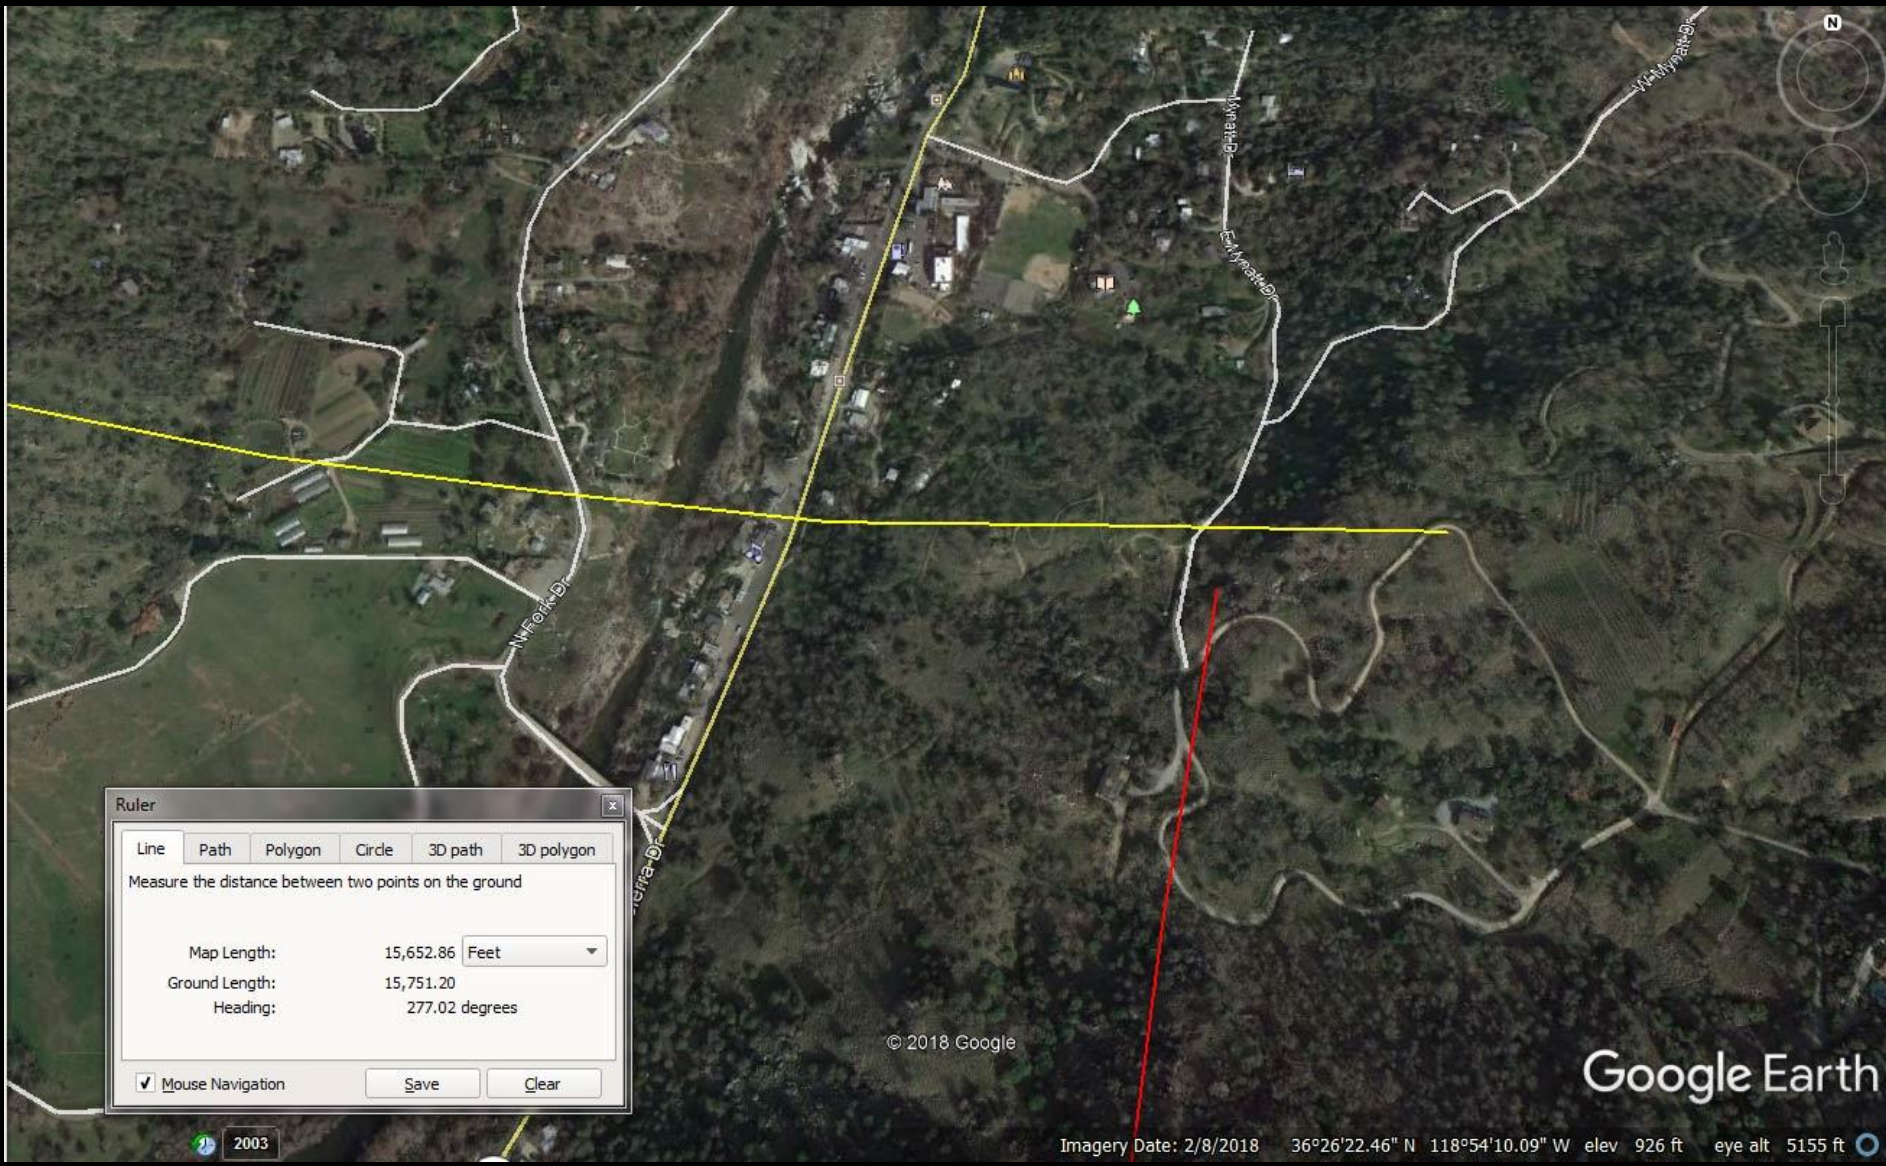

We have reserved sites **14, 15, 17** at the upper end, where the trail starts. I will try to get another site if there are late cancellations by other campers

The trail  
to  
Marble  
Falls.

# One of our 2 neighboring graze station sites, this at 1.90 km north of the limit

# Closeup of our Graze site at 1.9km North
